Conclude your Daily Bible Reading with Prayer

September 11th Prayer Time: "Be Still and Know that I Am God."

Find your Quiet Place where you can BE STILL and talk candidly and openly with the Heavenly Father. Make a commitment to stay in your Quiet Place for a minimum of 30 minutes of undisturbed prayer. Just 30 minutes with God this day in open prayer undisturbed by the pressures of the world.

You may want to include in your prayers: Those who lost their Lives Sept.11, The survivors, those family members scarred by the event, Those who were orphaned and Widowed by the attack, Our Leaders, World Leaders of Today, First Responders and their families, Those of this world "who have their eyes Blinded by the god of this world" with false philosophies and Theologies of our time. Our Service Men and Women who are serving to secure human rights and freedoms both home and abroad, our veterans who return home less than whole, whether that is PTSD, or Disabled. People whose lives have be touched and destroyed by war and terrorism, those Disabled by War, Christian who are in the War torn areas of our world. Christians who live in fear of martyrdom for their Faith in Christ and the God of the Bible. **The List my Brothers and Sisters, quite frankly, is endless. God does know and care, but we should be prayerful about such things. Because it will open our eyes and change us!!!!**
